Tour of Touch Screen

To take the tour, roll your cursor over all the buttons and icons.

Step 1: Start Your Meeting

1. Tap **Meetings** to view a list of your upcoming meetings.
2. Tap on your meeting.
3. Tap **Join Meeting**.

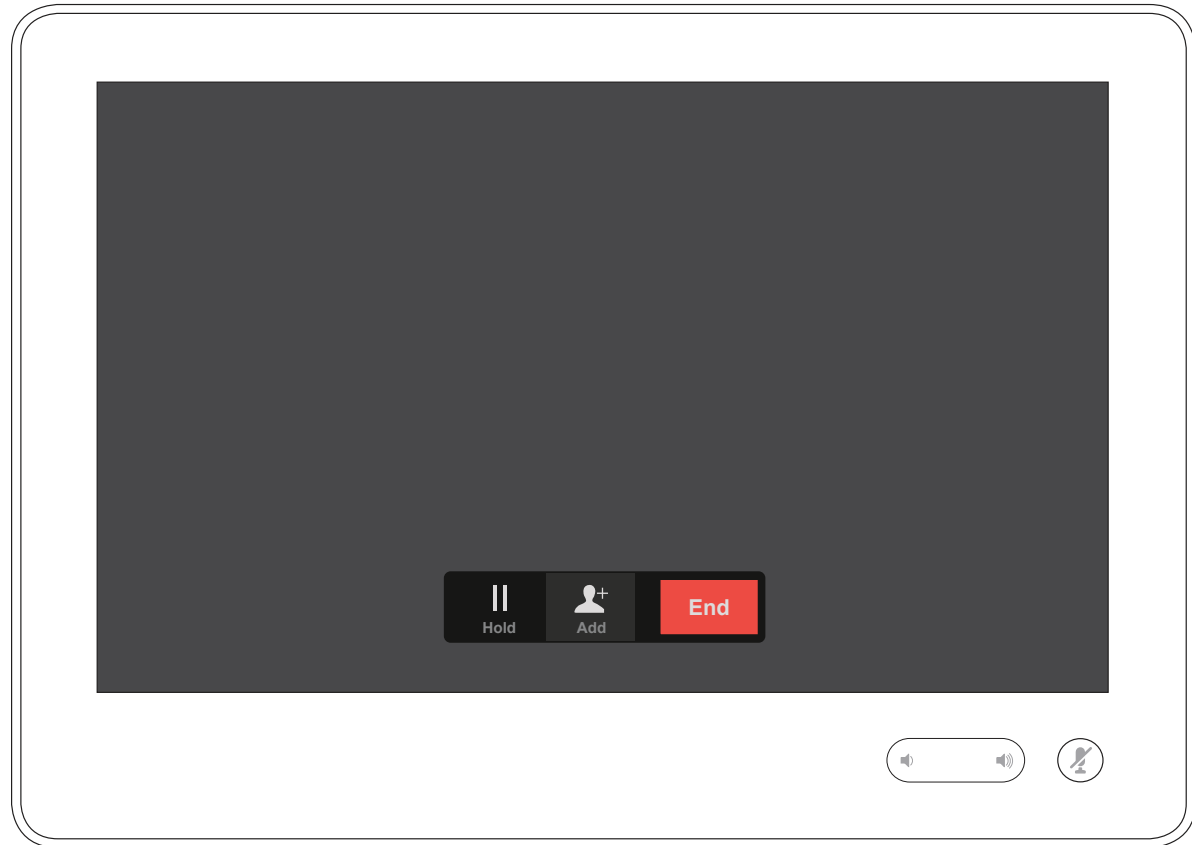

Click here to learn how to connect
to a Webex or audio participant

Step 2: Connect a Webex or Audio Participant

1. Once you are in the meeting, tap **Add**.
Note: only one Diamond Video Room needs to join Webex or call an audio participant for all the rooms to be connected.
2. In the **Favorites** list locate the **Webex Audio** item and then tap the green **Add** button
3. Tap **Keypad** to enter your Meeting Id and access code.
4. Touch the blue **Merge** button to combine the calls.

to share desktop

Step 3: Share your desktop

To share your desktop materials, connect your source using a VGA or HDMI cable.

1. Tap **Share** and locate your connected device.
2. Tap the blue **Share** button to share the content with the meeting participants.
(You can also tap 'Preview' to see what you are sharing only on your video screen.)
3. Tap **Stop Sharing** when you no longer want to share content.
